

Pursuant to the Court's September 13, 2022 Order, the parties respectfully submit this Joint Status Report. The September 13, 2022 Order continued the stay in these proceedings and directed the parties to file a joint status report proposing further proceedings by November 8, 2022.

In July 2021, shortly after the U.S. Supreme Court denied the petition for writ of certiorari (No. 20-1162) and the Government’s conditional cross-petition (No. 20-1432) in *Maine Community Health Options v. United States*, which sought review of the Federal Circuit’s CSR decision in *Community Health Choice, Inc. v. United States*, Nos. 2019-1633, -2102, 2020 WL 4723757 (Fed. Cir. Aug. 14, 2020), the parties began discussions regarding the next steps in this litigation. Several different attorneys, collectively representing a large number of plaintiff health plans—including the plaintiff here—engaged Government counsel in discussions regarding potential resolution of the CSR matters through settlement.

On January 19, 2022, the parties filed a Joint Stipulation for Entry of Partial Final Judgment (ECF No. 53) to resolve damages owed through December 31, 2017. On January 24,

2022, the Court granted the stipulation and directed the Clerk to enter partial final judgment (ECF No. 55).

With respect to remaining damages after December 31, 2017, the parties' resolution efforts are progressing. On December 3, 2021, Plaintiffs' counsel shared a proposal with the Government to attempt to collectively resolve the damages and mitigation issues in the CSR cases without further litigation or to significantly streamline resolution of the remaining damages/mitigation issues in these cases. On April 28, 2022, the Government responded to Plaintiffs' proposal, and Plaintiffs responded on May 23, 2022. Thereafter, the parties have convened by phone multiple times, and the Government produced certain settlement-related data and other information to the plaintiffs on July 22, 2022. The parties participated in a settlement-related call on September 1, 2022, and the CSR Plaintiffs followed that call with a letter to the Government on September 15, 2022. The Government has been reviewing and discussing internally the CSR Plaintiffs' letter. Specifically, the Government has been exploring possible new sources of information and ways to estimate where information does not appear to be available. CSR Plaintiffs expect to receive a response letter from the Government soon.

The parties respectfully request that the stay of this matter continue for an additional 60 days, at which time the parties will file a joint status report. Good cause exists for the Court to continue the existing stay of this case. The parties are working together to determine whether they may efficiently resolve this matter without further litigation or can at least streamline the damages and mitigation issues in this case. The complexity of the CSR cases and the large number of interested stakeholders, necessitates that the parties be afforded additional time to complete these efforts. The parties therefore jointly propose that they file a status report by

January 9, 2023, in which the parties will update the Court on the status of their efforts to resolve this matter.
